2026 Fall Event

Take a stand for a world without hunger.

The Hunger Project would be honored explore corporate partnership opportunities with you. Your support helps make our annual stakeholder gathering possible while demonstrating your company's commitment to a future where hunger no longer limits what's possible for communities around the world.

Please contact us to discuss the possibilities. They're limitless!

(212) 251-9100 | info@thp.org

Why this event matters.

There are 643 million people living in chronic hunger, 99% of whom live in low- and medium-income countries. The Hunger Project partners with communities in these countries to shift their mindsets from resignation to creating a vision for themselves for a new future—a future free from hunger and full of agency and self-reliance. Today, with The Hunger Project’s support, millions of people are working to end their own hunger and poverty.

Ending hunger requires a collective and collaborative approach among governments, nonprofits, civil society, individuals and the private sector. **The private sector plays a critical role, bringing its technical expertise, scale and resources.** The Hunger Project partners with corporations and organizations who are committed to transforming the systems of inequity that create hunger and cause it to persist.

NOT JUST ANOTHER NONPROFIT GALA

The Hunger Project’s annual Fall Event is a cornerstone in our community. For decades investors have come together to connect as partners in this work. The event offers a space for true connection, reflection and inspiration. Guests have an opportunity to meet and hear from THP staff leaders and from our courageous community partners who have ended their own hunger and poverty. We explore how we can partner to create a world free from hunger... *once and for all.*

On October 17, 2026, we’ll come together in New York City to explore *Wild Possibility*: the mindset we embrace when we stop letting today’s conditions define tomorrow’s future. A world without hunger will not emerge with incremental change. It will become reality when we dare to ask bigger questions, challenge assumptions and pursue breakthroughs that redefine what is possible.

Our impact.

The Hunger Project focuses on building self-reliance at the grassroots level, lifting the voices of women as key change agents, mobilizing *everyone*, and forming effective partnerships with local governments to create lasting impact. The Hunger Project works in 13 Program Countries: Bangladesh, Benin, Burkina Faso, Ethiopia, Ghana, India, Malawi, Mexico, Mozambique, Peru, Senegal, Uganda and Zambia.

LEARN MORE ABOUT OUR IMPACT

thp.org

The goal of all Hunger Project programs is community self-reliance. To date, 90 communities in Africa have declared self-reliance. In 2024, 8 of these communities achieved the following results:

45%

Decrease in severe hunger

22%

Increase in female youth in education and training

16%

Increase in populations with a basic drinking-water source

14%

Decrease in prevalence of child marriage
