OUR VISION
Our vision is a world without hunger.

OUR MISSION
Our mission is to facilitate individual and collective action to transform the systems of inequity that create hunger and cause it to persist.

ABOUT THE HUNGER PROJECT
The Hunger Project (THP) is an international organization working to end global hunger. We believe that women are key change agents and that resources, education and training are critical to ending hunger. Community-led programs throughout Africa, South Asia and Latin America leverage local leadership and elevate women’s voices to build capacity and sustainably end hunger and poverty.

OUR APPROACH
While our programs are adapted to meet local challenges and opportunities wherever we work, each is founded on these three pillars.

1. Start with women
2. Mobilize communities
3. Engage local government
